

CASE STUDY

Established in 2019 as an advertising company, Magnet has evolved significantly, expanding its services to include videography, web design, and the latest addition in 2023 - Magnet Pro, an innovative Instagram software that has resulted in remarkable growth for our clients.

MAGNET PRO

Magnet Pro is an Instagram software tailored to generate authentic leads and foster engagement among genuine users. It enables users to specify their targets by competitors, users of specific hashtags, or by location. The software actively engages with these targets daily, effectively capturing their attention and generating substantial brand growth.
